Content

1. Introduction to Operating Systems.....	01
2. System Structures.....	10
3. Process Management.....	24
4. Threads and Concurrency.....	38
5. CPU Scheduling.....	52
6. Memory Management.....	72
7. Virtual Memory.....	91
8. File Systems.....	112
9. I/O Systems.....	138
10. Security and Protection.....	158
Appendix.....	170
Summary.....	173

Mastering Operating Systems: The Complete Guide for Modern Computing

Dr. Amita Telang is a committed academic professional and researcher with extensive experience in Computer Science. She is presently serving as an Assistant Professor at Gurukul Mahila Mahavidyalaya, Raipur, where she actively teaches a wide range of core Computer Science subjects at both undergraduate and postgraduate levels. Her teaching approach reflects clarity, depth, and a learner-centric focus.

In addition to her teaching responsibilities, she has served as a Member of the Board of Studies (BOS) in the School of Studies in Computer Science at Pt. Ravishankar Shukla University, Raipur. Through this role, she significantly contributed to curriculum design, syllabus revision, and academic planning, ensuring alignment with contemporary technological trends.

Dr. Telang has presented numerous research papers at national and international conferences, demonstrating her sustained engagement with research and innovation. Her participation in seminars, conferences, and professional activities highlights her dedication to academic excellence. Passionate about nurturing young minds, she consistently works to create an interactive, intellectually stimulating learning environment while making meaningful contributions to the academic community.

Mastering Operating Systems: The Complete Guide for Modern Computing

Dr. Manju Kushwaha is a distinguished academician and researcher with over 23 years of experience in Computer Science education. She earned her Ph.D. from Kalinga University, with her research focusing on “*A Study of Cloud Computing for E-Governance,*” reflecting her strong interest in emerging digital infrastructures and public service technologies. Her academic and research contributions span cloud computing, database management systems, and contemporary computing technologies, with several scholarly publications to her credit.

Currently, Dr. Kushwaha is serving as an Assistant Professor at Shri Shankaracharya Institute of Professional Studies. Over the course of her career, she has been associated with reputed institutions, including Anjneya University, Pragati College, Shantiniketan College, Swami Vivekanand College, and Arts & Commerce College in Raipur. She has also worked as a Training Officer at Government I.T.I., Balaghat. Through her sustained engagement in teaching, research, and technical writing, she continues to contribute significantly to academic advancement and knowledge dissemination.

Mastering Operating Systems: The Complete Guide for Modern Computing

Dr. Akanksha Dubey is an accomplished Associate Professor of Mathematics with a Ph.D. and over 18 years of teaching experience. She has published 14 research papers including scopus papers in national and international journals and is an active member of Shri Rawatpura Sarkar University, Chhattisgarh. Recognised for her contributions, she holds a prestigious Doctorate title, reflecting her dedication to academia and research.

Beyond mathematics, Dr. Dubey is a certified Reiki Master Healer and Crystal Healer, integrating holistic healing into her professional and personal life. Her unique blend of analytical expertise and spiritual insight fosters a balanced approach to knowledge and well-being.

With a passion for education, research, and healing, Dr. Dubey inspires students and professionals and makes significant contributions to mathematics and holistic wellness.

Mastering Operating Systems: The Complete Guide for Modern Computing

Dr. Deepshikha Sharma is a distinguished academician and researcher in Computer Science, currently serving as an Assistant Professor at Vipra Mahavidyalaya, Raipur, Chhattisgarh. Holding a Ph.D. and over 17 years of teaching experience, she has made notable contributions to higher education through effective teaching, student mentoring, and sustained research engagement. She has published 10 research papers in reputable national and international journals and holds two patents, reflecting her strong commitment to innovation and scholarly excellence.

Beyond academics, Dr. Sharma is a certified Numerologist and Signature Analyst, bringing a unique multidisciplinary perspective that blends analytical reasoning with spiritual insight. She is also trained in Kathak Nritya, demonstrating her dedication to India's classical art and cultural traditions.

Her contributions have been widely recognised with prestigious honours, including the Shashakt Nari Awards and the Mahila Shikhar Samman in 2021 and 2024. A visionary educator, Dr. Sharma continues to integrate technology, art, and spirituality, inspiring holistic learning and personal growth.
